Berlin

AFTER SHOW REPORT 2024

EUROPE'S NO. 1 NETWORKING EVENT

November 5-6, 2024

ECC Berlin, GERMANY

Accelerating Europe's battery industry: Innovative. Sustainable. Stronger together.

On behalf of the Future Battery Forum team, we want to sincerely thank all the speakers, sponsors, attendees, exhibitors and media who joined us for a hugely successful 5th Future Battery Forum in Berlin.

On **5 and 6 November 2024**, Europe's No. 1 networking event for the battery industry once again became a vibrant hub of creativity and synergy, uniting global industry leaders, influential policy makers, and forward-thinking visionaries in a dynamic exchange of groundbreaking ideas and innovations.

Staged under the motto "Accelerating Europe's battery industry: Innovative. Sustainable. Stronger together", the **hybrid management conference** brought together the entire value system of battery technologies. **1,100 users, battery system & cell manufacturers and their suppliers** from around the globe spent two days at ECC Berlin to network and discuss future trends. More than **1,500 online participants** joined additionally via the virtual conference platform.

SPEAKER HIGHLIGHTS

PROF. DR. ACHIM KAMPKER
Chair of PEM,
RWTH Aachen

YANN VINCENT
CEO,
ACC Automotive Cells Company

RICHARD BOUVERET
CEO & Chairman,
BLUE SOLUTIONS

KAI MÜLLER
CFO,
PowerCo

ILKA VON DALWIGK
Director General,
RECHARGE

NICOLAS STEINBACHER
Program Lead Germany,
Northvolt

CHRISTINE GROSSE LEMBECK
Vice President Battery Recycling,
BASF

DR. RAHUL FOTEDAR
CTO & Co-Founder,
MORROW

GILLES MOREAU
Co-Founder,
Verkor

DR. FRANZ GEYER
Head of Technology Cluster,
BMW GROUP

DR. LINUS FROBÖSE
CTO,
Skeleton Technologies

NAOKI OTA
President and CEO,
24M Technologies

CRIS MORENO
CEO,
Vulcan Energy Resources

Ulrich Zimmer
SVP and Head of Group R&D
Battery and Charging,
Tranton Group

LUNA SANCHEZ
Director Battery Cell
Development,
PowerCo

DR. FRANK KINDERMANN
Head of Battery
Systems Europe,
NIO

MICHAEL KELLNER
Parliamentary State Secretary,
**Federal Ministry for Economic
Affairs and Climate Action**

DR. IONEL STEFAN
CTO,
Amprion Technologies

FOCUS TOPICS & FORMATS

The conference was organized along **six strategic topics**. The participants learn and discuss the battery solutions of the future in **keynotes, panel discussions, master classes, interactive workshops, deep dives or techtalks**.

MARKET STRATEGIES AND POLICIES

xEV AND STATIONARY APPLICATIONS

MANUFACTURING AND GIGAFACTORIES

LIFECYCLE AND SUSTAINABILITY

BATTERY CHEMISTRY AND DESIGN

BATTERY WORKFORCE

KEY TAKE AWAYS FROM OUR PARTICIPANTS

Collaboration is crucial

Industry leaders emphasized cross-sector partnerships to accelerate innovation and meet ambitious energy and climate goals. Collaboration is key to scaling sustainable battery solutions.

Long-term commitment

Climate tech have a longer venture horizons so long-term investments & all financial backing symbolizing trust are needed to support European champions

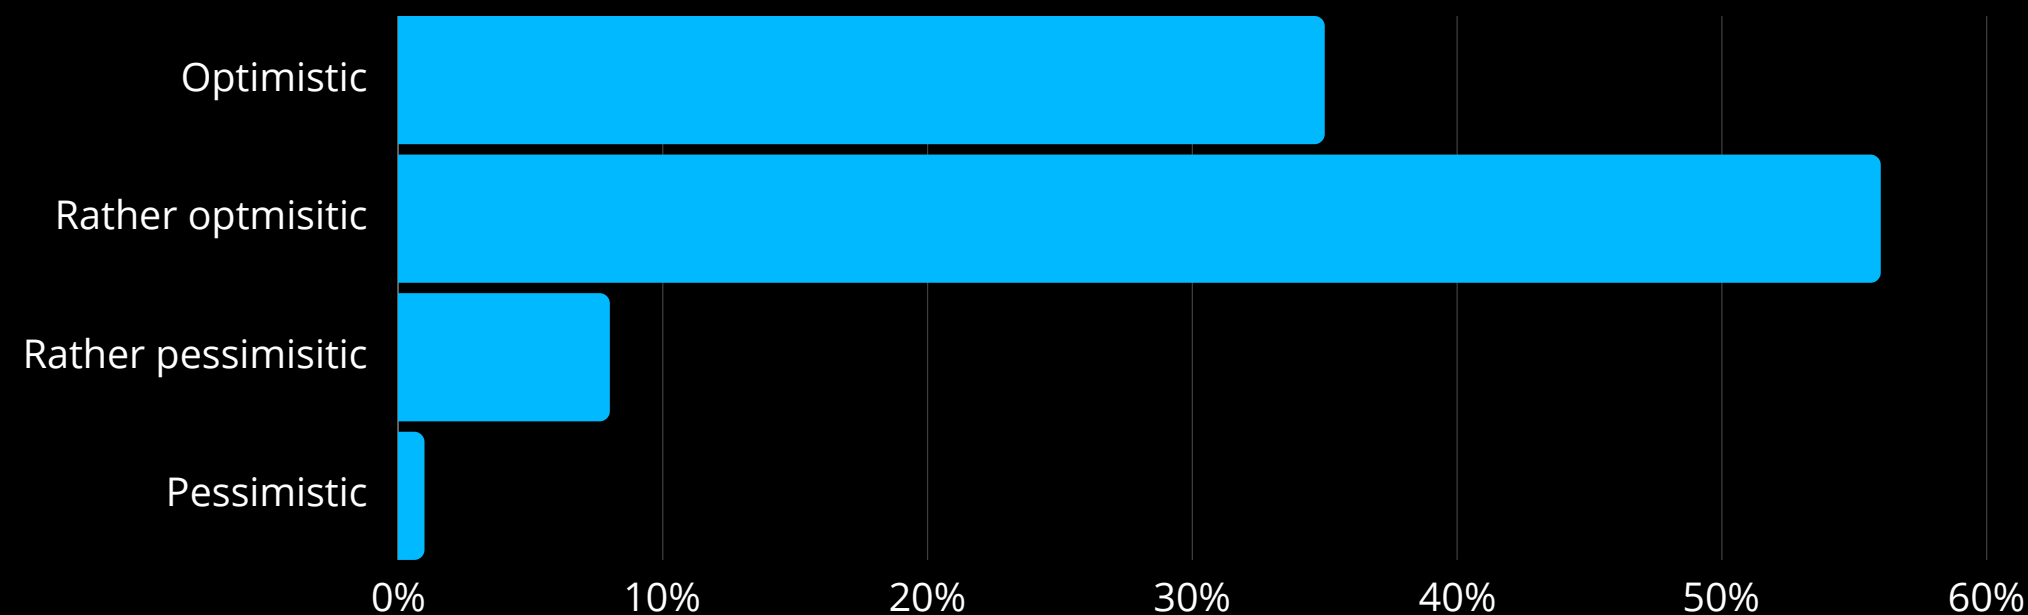

Innovation and sustainability

The battery industry is constantly evolving and innovation is essential. Challenges rely in production ramp up and the implementation of sustainable recycling methods.

Our participants are optimistic about the future!

How do you see the future of the battery industry?

Slido poll (259 votes)

THE EXHIBITION

Located directly adjacent to the conference hall, the exhibition area is a marketplace where **over 100 companies from the entire battery value chain** showcased their latest products, solutions, and innovations.

NETWORKING HIGHLIGHT: EVENING RECEPTION

“Whoever said that doing business and attending industry seminars can’t be fun clearly has never experienced the Future Battery Forum in Berlin! The key players in the exciting battery industry came together not only to stay ahead of sector trends but also to embrace a vision where work-life balance includes fun. Future Battery Forum: a place to be, a concept to embrace.”

— Participant voice

PARTICIPANTS

Decision makers from these and many companies attended the event:

What our customers say

The Future Battery Forum serves as a crucial platform for industry leaders to exchange ideas and strategies that will shape the future of battery technology in Europe.

— **ACC** (Automotive Cells Company)

The Future Battery Forum in Berlin sets standards. It not only offers the perfect platform for the exchange on technological innovations, but also enables and promotes networking in the battery industry at the highest level. That's why we'll be back again in 2025!

— **BST Group**

It was a great conference and extremely valuable for networking. Incredible people! I felt like I was in the right place to listen, learn, and engage. If you're the smartest person in the room, you're in the wrong place... and in Berlin, there were so many incredibly clever people!

— **Battery Industry Magazine**

The Future Battery Forum is a vital platform for stakeholders to collaborate, innovate, and share knowledge, collectively advancing the battery industry's progress toward a sustainable, efficient energy future.

— **Artix Energy Systems**

The event facilitated open exchange and collaboration, with participants eager to share knowledge and work together towards common goals.

— **TRUMPF**

The Future Battery Forum is perfect for networking, not least thanks to the integration of the event's own app.

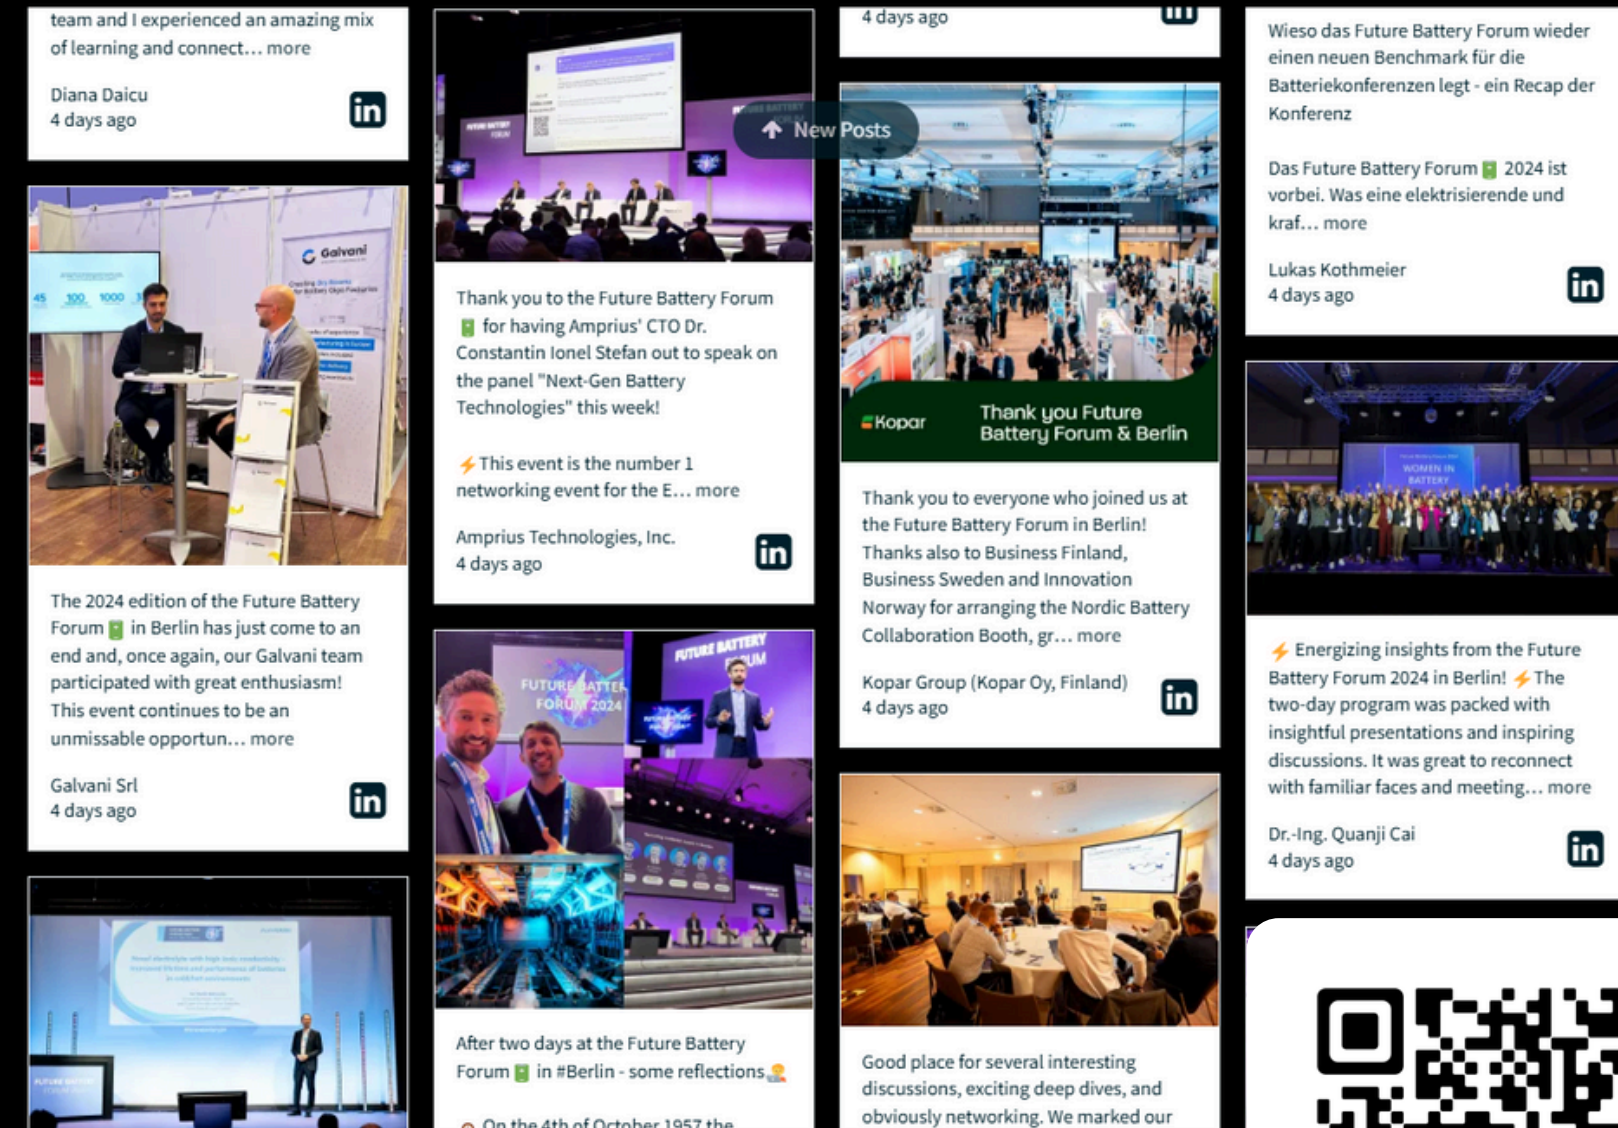

— **Kistler Instrumente GmbH**
