

FACT SHEET 2026

7th FUTURE BATTERY FORUM

 November 24-25, 2026

 ECC Berlin, GERMANY

Europe's no. 1 networking event for the battery industry

On **24 and 25 November 2026**, the Future Battery Forum in Berlin will once again become a vibrant hub of creativity and synergy, uniting **global industry leaders, influential policy makers, and forward-thinking visionaries** in a dynamic exchange of groundbreaking ideas and innovations.

The **premium management conference** brings together the entire value system of battery technologies. Over **1,000 users, battery system & cell manufacturers and their suppliers** from around the globe will spend two days at ECC Berlin to network and discuss future trends.

B2B MEETINGS

Our award-winning **B2B matchmaking app** uses integrated AI to analyze all participants and recommend leads. This service can also be used to arrange **B2B meetings with other participants** and exhibitors. You can meet on site in the B2B meeting area, at exhibition stands, or even in the evening at the cocktail bar, and arrange online video calls.

VOICES — WHAT PEOPLE SAY ABOUT THE EVENT

This is **the most important event in this industry in Europe**. Colleagues from different fields can find the right partner to discuss and find the right information.

— Matt Shen, Managing Director Europe, **CATL**

The Future Battery Forum is **one of the best networking events in the battery industry**.

It brings together international participants and top-level executives, creating unique opportunities for strategic exchange. The organization is outstanding and the entire event is executed to the highest standard. The focus on the entire battery supply chain is particularly impressive.

An absolute must for anyone shaping the future of the battery industry!

— **Freudenberg ST**

Future Battery Forum is **one of the best battery events in Europe**. Excellent speakers, unrivaled networking and flawless hospitality.

— Hans Eric Melin, **Circular Energy Storage**

Our team at Microvast greatly appreciates IPM because it creates a community that promotes networking and facilitates discussion on important topics. As always, the organization and style of the event were of the **highest standard**.

— **Microvast**

It was a privilege to join leaders across the battery ecosystem at the Future Battery Forum in Berlin — an event that continues to **elevate the conversations shaping our industry's next chapter**.

— Siyu Huang, Founder and CEO, **Factorial Energy**

Overall, this was probably **the best battery event** I have attended so far. Good conversations, high-quality contacts, a great app, a beautiful location, excellent organization, and a pleasant atmosphere.

— Hagen Berger, CEO, **Exacom GmbH**

USP'S OF THE EVENT

C-Level Networking

Meet the foremost decision-makers and managers and connect with them

The brightest brains

Listen to speeches of the new masterminds of the automotive industry - virtual or on-site

Outside-the-box

Our formats and tone are mind opening and help thinking forward to develop the European battery ecosystem

Special networking vibe

The location, our mastermind party, test drives and the uplifting vibe we are creating, are unique in the executive event landscape
